

Skrive opgaver.

Når børnene har skrevet enkelte ord og fået succes med det, vil de ofte gå videre med at skrive sætninger.

Det er godt at børnene laver mellemrum mellem ordene i sætningerne, for så har den der skal læse det børnene har skrevet, meget større mulighed for at læse det.

Når børnene kan skrive en sætning, som en voksen kan læse, får de succes og dermed lyst til at skrive mere.

Med disse opgaver øver børnene at være opmærksomme på at lave mellemrum mellem ordene, så de nemmere kan lave en læselig tekst.

Opgaverne bygger videre på børnenes erfaringer fra 'forløbet om sætninger og tekstopbygning' (kapitel 7), hvor børnene skulle lægge en legoklods for hvert ord i en sagt sætning. Jeg sætter en rød klods for hvert ord, i den sætning børnene skal skrive (jeg ved ikke om jeg må bruge et billede af en legoklods).

Det første ord i hver sætning er 'en' (senere også 'et'), derefter skal børnene finde et tillægsord om det billede der er der og til sidst skrive den ting der er afbilledet. For eksempel: 'en gul bil'

Børnene bestemmer selv, hvad de vil skrive at bilen er.

Rigtig god fornøjelse med at hjælpe børnene til at træne mellemrummene mellem ordene.

Mange venlige hilsner

Jens
